ABOUT US

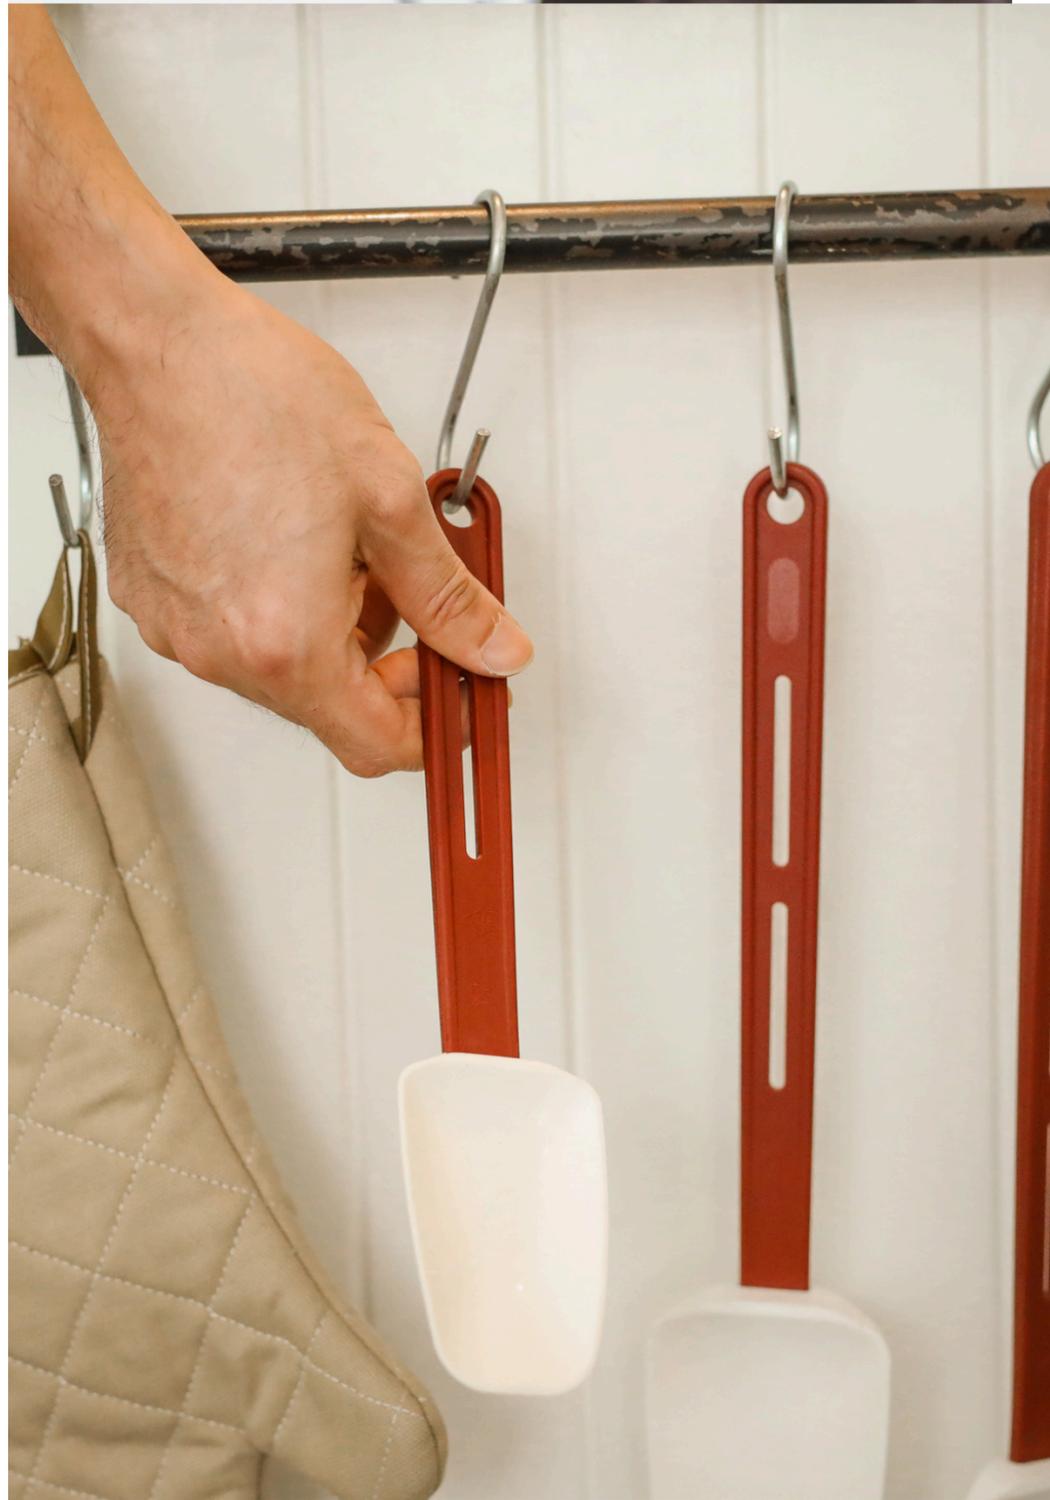

“34 YEARS OF QUALITY YOU CAN TRUST”

Founded in 1991 by President Jason Huang, our group began as an exporting company before officially establishing CHRISKO PRODUCTS CO., LTD in 1997. Since then, we have become one of Thailand's leading manufacturers and exporters of high-quality commercial foodservice products.

We specialize in developing and exporting a diverse range of products for hotels, restaurants, cafes, nursing and retirement homes, and retail chains around the globe, working through trusted importers worldwide.

FUNCTIONALITY, DESIGN, VALUE

"At CHRISKO, we are dedicated to creating products that excel in quality, functionality, design, and value.

With our comprehensive one-stop service, we are your preferred choice for foodservice solutions."

-Jason Huang, President

More Than a Trading Company

We are committed to delivering exceptional commercial foodservice products through a comprehensive **one-stop service** approach. Unlike conventional trading companies, we prioritize every customer relationship with a commitment to quality and service, fostering long-term partnerships. With **34 years** of industry experience, our unwavering reliability and dedication have been fundamental to our success.

Our extensive service offerings include product sourcing, product development, OEM branding, packaging, rigorous quality control, logistics, and robust after-sales support. Each of these services is customized to address the unique requirements of our clients with every order.

WHAT WE DO

USPs

Comprehensive One-Stop Service:

A full range of services from product sourcing to after-sales support, streamlining the process for our clients.

34 Years of Experience:

Extensive industry knowledge ensuring high-quality products and reliable service.

Customer-Centric Approach:

We prioritize our customers' needs, tailoring solutions to fit their specific requirements.

Quality Assurance:

Rigorous quality control processes guarantee that all products meet the highest standards of excellence.

OEM Branding Opportunities:

Helping customers develop their own product lines to enhance market presence.

Efficient Logistics:

Timely and secure shipping services ensure clients receive products as needed.

Long-Term Partnerships:

We focus on mutual growth and success, fostering enduring relationships beyond transactions.
