PHILOSOPHY

Our winemaking philosophy is rooted in sustainability and holistic practices. Through regenerative agriculture, we restore soil health and foster biodiversity, allowing the true character of the land to shine.

We approach winemaking with humility. In terroirs as important as Chianti Classico, to craft a wine with a true sense of place, to bring forth something truly unique, you must protect its authenticity. That is the true source of real joy, and it is reproduced in no other way.

The techniques are very simple as very important:

grape harvested by hand in full ripening
collected in small boxes
soft destemming
no crushing
spontaneous fermentation
Each bottle is filled by hand, unfiltered, preserving its pure expression.

The result: a wine that reflects an harmony between nature and the art of winemaking.

Our wines

N

IGT Toscana Rosato 2023
100% San Giovese

Presenting our first child to the world, N – the debut wine from One Belvedere Tuscany. The letter N holds deep meaning for us, representing cherished elements like Natura, Native, Noi and Natacha.

Crafted with no skins, with spontaneous fermentation and no ageing, N is Sangiovese truly undressed. It's a wine for those moments when the soul feels lighter – juicy, fresh, magnetic, and irresistible.

Our wines

PRIMO ROSSO

Our first vintage was truly a 'baptism by fire' due to how climatically and emotionally challenging this creation has been. After a dry winter, Tuscany experienced its wettest spring and summer on record, only to be followed by a scorching hot fall.

The unpredictable weather caused a reduction of the grape yield. Our reaction to this has been to be severe in the selection. Primo Rosso, born from our youngest vineyards at 25 years old, is the result. Our first red wine, Primo Rosso, bears its primacy in its name.

We winemakers tend to particularly love challenging vintages because they are the ones that demand more effort and, therefore, more of ourselves. For this reason, the wines born in our first very difficult 2023 harvest will forever hold a place in our hearts.

*"It is the time you have wasted
for your rose that has made your
rose so important."*

Le Petit Prince, 1943

BALVEDE

At One Belvedere Tuscany, we discovered a true treasure—an ancient vineyard dating back to the 1970s, perhaps even further back.

A vineyard like this is a rare gem, with its multiple clones, deep-rooted vines, and the rich reserve wood in every plant. Crafting wine from this vineyard was the easiest decision we've ever made, and the results have far exceeded our expectations.

Balvede 2023 is a deep, elegant, and baroque wine—the pinnacle expression of our 2023 vintage.

"The young run fast, but the old know the way."

-Sudanese Proverb
