

# Help every student learn how they learn best

Provide every student with individualized support and an equitable learning experience with easy-to-use, built-in accessibility tools.

**1 in 10** children worldwide are living with a disability.

Source: UNICEF, 2021

Create a more inclusive learning environment for those with **physical** and **cognitive** disabilities with tools that are:

Securely built into Chromebooks and Google Workspace for Education

Easy to discover, set, and use for all ages

Cloud-based and only need to be set once

I remember one of my former students who struggled with a learning disability stated how the Chromebook allowed him to feel like every other student.”

District EdTech Coordinator,  
K-12, North America

# Meet every student's unique learning needs

Support the needs of all students with a full ecosystem of accessibility tools built into both Chromebooks and Google Workspace for Education products.

Learn how to turn on Chromebook accessibility tools at [goo.gl/d7Sk7m](https://goo.gl/d7Sk7m).

View the Google Workspace user guide to accessibility at [goo.gl/Jrtdcp](https://goo.gl/Jrtdcp).

Generative AI tools like Gemini for Education and NotebookLM help personalize learning by translating content, assisting with dictation, adapting texts to different reading levels, and more.

## Find additional accessibility apps

Explore the [Google for Education App Hub](#) for even more tools that make learning more inclusive.

Read&Write

### Motor and dexterity

Enable users with limited hand dexterity to point, click, and control their computers using facial movements with **Face control**. Go keyboardless and use **voice typing** to enter, edit, and format text in Google Docs and Slides.

### Cognitive and spoken feedback

Help students focus with **Google Meet pinning**, which allows them to view just the teacher and hide other participants.

### Display and vision

Make reading easier with **reading mode** to summarize information and highlight specific lines. Hear more than 100 of Google's high-quality natural voices across 29 languages with **read aloud**. Reduce eye strain and increase focus with **Dark Mode** on the Google Classroom app.

### Audio and captions

Turn on **captions** in Google Meet to view subtitles in real time. Break down language barriers by instantly displaying AI-translated captions with **Live Translate** on any app or browser on Chromebook Plus.

### Language and content

Make billions of PDFs accessible to screen readers with built-in **PDF optical character recognition (OCR)**. Transform text into **Audio Overviews** and **translate content** in more than 40 languages with Gemini, or create **Video Overviews** with NotebookLM.
