

Rebellion III

MOTHER EARTH

Sweet Mama Earth. Since BCS inception - we've only printed with the most sustainable products on the market and we only print to order. All of our materials are PVC-free, with no vinyl, phthalates, heavy metals or harmful chemicals and our ink is GreenGuard Gold certified. That's 10+ years of our commitment to Mama, because the climate crisis is real honey and we don't settle for less.

ABOUT US

Black Crow Studios' Rebellion III Collection is a bold fusion of art, activism, and next-generation design, bridging Northern and Southern California's creative communities. Created in collaboration with emerging talent from the Academy of Art University's fashion department in San Francisco, this collection transforms raw artistic expression into immersive, statement-making murals.

Inspired by California's diverse landscapes, each design captures a sense of movement, texture, and depth, offering a visually striking yet deeply personal interpretation of nature. Designed for luxury interiors with a conscience, Rebellion III not only amplifies fresh creative voices but also supports Inner-City Arts in Los Angeles, furthering Black Crow Studios' mission to make art more accessible through its Rebel with a Cause Initiative.

INSPIRATION

“We are proud to partner with emerging talent from the Academy of Art University’s fashion department in San Francisco to create wallcoverings that blend artistry with high performance—offering designers a nontoxic, sophisticated, and safe option for their clients’ homes.”
-Tracy Hiner
