DALY
Excellence in Enterprise IT

ENTERPRISE SOLUTIONS

Turnkey solutions for public sector – survey, design, implement, knowledge transfer and support.

Our Services:

- ✔ **Networking** - DALY's solution architects will help you build, enhance, or expand your wired or wireless network.
- ✔ **Virtualization** – we'll help you migrate to a new platform, including hyperconverged offerings with their own lower cost hypervisors.
- ✔ **Video Surveillance and Access Control** – cloud based and on premise solutions for video surveillance and access control.
- ✔ **AWS and Cloud Solutions** – cloud hosted servers, disaster recovery and many other solutions available.
- ✔ **AI** – many solutions available.

All of these are available for purchase on our state contract vehicles.
