

# PROSE Cabling System

**PROSE**

# Who We Are

Rosenberger Hochfrequenztechnik GmbH & Co. was founded in Germany in 1958 and ranks among the leading manufacturers of high-speed interconnect solutions worldwide. With its long tradition of excellence and innovation, Rosenberger has excelled and earned an outstanding reputation all over the world.

In early 2022 the Rosenberger Group announced the restructure of its antenna and coverage solution product portfolio with a new brand entity PROSE. The strategic focus of PROSE will be on the development of base station antennas, microwave antennas, indoor and outdoor coverage solutions, Open RAN sub-systems, data center, cabling system, IoT solutions, Automotive and related services.

As an independent entity, PROSE, with its lean, agile, and decentralized organizational structure, will be better placed to serve global customers and manage growth by bringing new technologies and solutions, aligned with the changing needs of customers in the telecom industry. The PROSE product portfolio will uphold Rosenberger's tradition of the highest innovation and quality while delivering improved technology expertise and enhanced local customer support around the globe.

PROSE consists of more than 3500 people, with 40+ subsidiaries sales/service offices, 4 factories, and 7 R&D centers covering mainly North America, Europe, the Middle East, Africa, and Asia. It will continue to serve more than 100 operators/service providers worldwide including a wide set of customized solutions for 5G deployments.

PROSE is an ISO 9001 quality system and ISO 14001 environmental system certified company. Equipped with advanced machinery, automatic assembly, and testing centers supported by a large group of more than 400 R&D engineers, state-of-the-art production assembly lines, and stringent product and quality control.

PROSE's reliability and competitiveness are the cornerstones of this sustainable growth, which have resulted in long-term partnerships with most of the leading companies in their respective industries. PROSE will continue to provide excellent product solutions and services for its customers around the world.

A: Pune, India  
B: New Jersey, USA  
C: Donauwörth, Germany  
D: Suzhou, China

# Mission

- Customer always comes first
- Drive innovation together with and for our customers
- Maintain a secure, humane and happy environment for our employees
- Develop our employees by investing in their education
- Take social responsibility
- Protect our environment with ecologically friendly products, production and processes

# Core Value

- Value Innovation
- Customer Focus
- Sustainable Growth
- Social Responsibility

# Copper Cabling System Solution

- Copper Cabling system is mainly composed of several parts: Copper Cable, Copper Patch Panel, RJ45 Keystone Jack, Copper Patch Cord, Faceplate, Plug, etc..
- PROSE copper cable system solution can offer a full range of products to meet the different requirements of the market, from Cat5e to Cat8, unshielded to shielded, indoor to outdoor. The product solution is flexible and reliable which can meet the needs of customers in different applications.
- PROSE offers clients with structured cabling solution which is both open and flexible. Standardized cables, connectors and modules are used throughout the system, making installation, maintenance and expansion of the system flexible and convenient.
- PROSE cabling system supports POE application which can provide efficient solution for remote equipment power supply.
- With excellent quality and excellent performance, the product has been tested and certified by authoritative 3rd party organizations, providing a solid foundation for signal transmission.

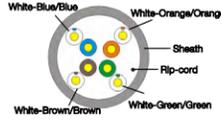

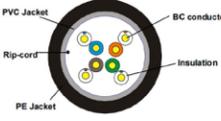

## Copper Cable

### Features

- PROSE can provide a full range of copper cable twisted pair, from Cat5e to Cat8.
- Performance is excellent, far exceeds ANSI/TIA-568.2-D, IEC/ISO 11801 and other standards.
- Sheath material diversification, PVC, LSZH, CMR, CMP is optional.
- Indoor and outdoor optional.

### Parameter Information

Category	Structure	Bandwidth	Environment	Outer diameter (mm)	Conductor	Sheath	Color	Insulation outer diameter (mm)	Drawing of structure
Cat8	S/FTP	2000M	Indoor	8.4	22AWG		PVC: Blue LSZH: Orange Other colors can be customized	1.58±0.05	
Cat7A	S/FTP	1000M	Indoor	7.6	23AWG			1.33±0.05	
Cat7	S/FTP	600M	Indoor	7.6	23AWG			1.33±0.05	
	S/FTP		Indoor	7.5	23AWG			1.33±0.05

	82: Cat8.2								

#### • Example:

Part Number	Description
CC5E-121-110R	Cable, Cat5e, UTP, 24AWG, LSZH, Orange, 305m
CC60-111-111BL	Cable, Cat6, UTP, 23AWG, PVC CM, Blue, 305m
CC6A-111-111BL	Cable, Cat6A, UTP, 23AWG, PVC CM, Blue, 305m

## Copper Patch Cord

#### Features

- Connector contacts are plated with gold of 50µ", minimizing contact resistance.
- Performance far exceeds ANSI/TIA-568.2-D standards.
- Different colors can be provided to distinguish different networks.
- Performance is excellent, passed the unit test.

#### Ordering Information

## 1HU 48 Ports Modular Patch Panel

#### Features

- Meet and exceed the requirements of ANSI/TIA-568.2-D.
- With rear cable manager which ensures excellent bending performance of copper cable.
- High density with 1HU 48 ports.
- Compatible with various keystones.

#### Ordering Information

Part Number	Description
CP00-121-1E	Patch Panel, Modular, Unshielded, 1HU 48-port, without keystones
CP00-221-1E	Patch Panel, Modular, Shielded, 1HU 48-port, without keystones

# 1HU 24 Ports Modular Patch Panel

### Features

- Meet and exceed the requirements of ANSI/TIA-568.2-D.
- With rear cable manager which ensures excellent bending performance of copper cable.
- Structure of module removable from frontside is optional, more conducive to construction and maintenance.
- Clear interface identification, easy operation.
- Compatible with various keystone.

### Ordering Information

Part Number	Description
CP00-111-1E	Patch Panel,1U 24 Port, Unshielded, without keystone
CP00-111-3E	Patch Panel,1U 24 Port, Unshielded, Module front disassembly, without keystone
CP00-211-1E	Patch Panel,1U 24 Port, Shielded, without keystone

# 1HU 24 Ports Angled Modular Patch Panel

### Features

- Meet and exceed the requirements of ANSI/TIA-568.2-D.
- With rear cable manager which ensures excellent bending performance of copper cable.
- Angled design allows patch cords to be lined from the side to save the space of cable management.
- Convenient and clear marking.
- Compatible with various keystone.

### Ordering Information

Part Number	Description
CP00-111-2E	Patch Panel,1U 24 Port, Angled, Unshielded, without keystone
CP00-211-2E	Patch Panel,1U 24 Port, Angled, shielded, without keystone

# IDC-type Copper Patch Panel

### Features

- Meet and exceed the requirements of ANSI/TIA-568.2-D.
- High performance which can also ensure excellent short link performance based on unique design.
- Delivery includes installation accessories and labeling system.
- Both unshielded and shielded solutions are available.

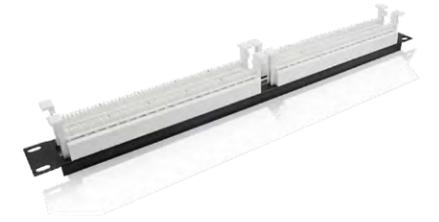

### Ordering Information

Part Number	Description
CP6A-311-12	Patch Panel, IDC, Cat6A Unshielded, 1HU 24-port
CP6A-411-12	Patch Panel, IDC, Cat6A Shielded, 1HU 24-port
CP60-311-12	Patch Panel, IDC, Cat6 Unshielded, 1HU 24-port
CP60-411-12	Patch Panel, IDC, Cat6 Shielded, 1HU 24-port
CP5E-311-12	Patch Panel, IDC, Cat5e Unshielded, 1HU 24-port
CP5E-411-12	Patch Panel, IDC, Cat5e Shielded, 1HU 24-port

# 110 Voice Patch Panel

### Features

- Meet and exceed the requirements of ANSI/TIA -568.2-D.
- Modular designed which makes expansion and restructuring easily.
- 50 pairs and 100 pairs are optional.

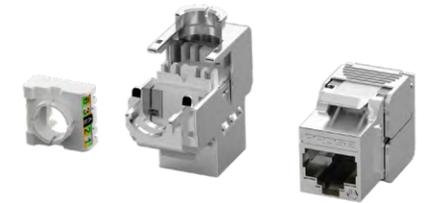

### Ordering Information

Part Number	Description
CP30-341-11	Patch panel, 110 50 pairs, 1HU, rack-mounted
CP30-351-11	Patch panel, 110 100 pairs, 1HU, rack-mounted

# RJ45 Shielded Keystone Jack

### Features

- Toolless design, convenient for installation and maintenance.
- Meet and exceed ANSI/TIA-568.2-D requirements.
- Outstanding performance, (including IR, NEXT, FEXT and RL), which ensure the high performance.
- Termination cover provides excellent strain relief, helps control cable bend radius and securely fixes cables.

Category	Bandwidth	Rated Voltage	Rated Current	Maximum Voltage	Contact Resistance	Insulation Resistance	Life (plug in /out)	IDC life
Cat8	2000M	125V	1.5AMP	1000V	≤ 20MΩ	≥ 100MΩ	≥ 1000times	≥ 300times
Cat6A	600M							
Cat6	250M							
Cat5e	100M							

### Ordering Information

Part Number	Description
KS82-221-1MT	Keystone Jack, RJ45, Cat8, Zinc Alloy Shielded,180°, Toolless, MT
KS6A-221-1MT	Keystone Jack, RJ45, Cat6A, Zinc Alloy Shielded,180°, Toolless, MT
KS60-221-1MT	Keystone Jack, RJ45, Cat6, Zinc Alloy Shielded,180°, Toolless, MT
KS5E-221-1MT	Keystone Jack, RJ45, Cat5e, Zinc Alloy Shielded,180°, Toolless, MT

## RJ45 Unshielded Keystone Jack Toolless

### Features

- Toolless design, convenient for installation and maintenance
- Meet and exceed ANSI/TIA-568.2-D requirements.
- Outstanding performance, (including IR, NEXT, FEXT and RL), which ensure the high performance.

Category	Bandwidth	Rated Voltage	Rated Current	Maximum Voltage	Contact Resistance	Insulation Resistance	Life (plug in /out)	IDC life
Cat6A	600M	125V	1.5AMP	1000V	≤ 20MΩ	≥ 100MΩ	≥ 1000times	≥ 250times
Cat6	250M							
Cat5e	100M							

### Ordering Information

Part Number	Description
KS6A-121-1WH	Keystone Jack, RJ45, Cat6A, Unshielded,180°, White, Toolless
KS60-121-1WH	Keystone Jack, RJ45, Cat6, Unshielded,180°, White, Toolless
KS5E-121-1WH	Keystone Jack, RJ45, Cat5e, Unshielded,180°, White, Toolless

## RJ45 Unshielded Keystone Jack

### Features

- Meet and exceed the requirement of ANSI/TIA-568.2-D.
- Outstanding performance, (including IR, NEXT, AXT, RL etc.), which ensure the high link performance.
- Rear cover shrapnel design, easy removal and maintenance.
- IDC contact material: Phosphor bronze with nickel plating.
- Housing material: PC UL94V-0.
- Pin material: Phosphor bronze with 50μ" gold plating.
- Wire: AWG 22 ~ 26.
- Logo color: Defaulted: blue, other color is customizable.

Category	Bandwidth	Rated Voltage	Rated Current	Maximum Voltage	Contact Resistance	Insulation Resistance	Life (plug in /out)	IDC life
Cat6A	600M	125V	1.5AMP	1000V	≤ 20MΩ	≥ 100MΩ	≥ 1000times	≥ 250times
Cat6	250M							
Cat5e	100M							

### Ordering Information

Part Number	Description
KS6A-111-1BL	Keystone Jack, RJ45, Cat6A, Unshielded,180°, Blue
KS60-111-1BL	Keystone Jack, RJ45, Cat6, Unshielded,180°, Blue
KS5E-111-1BL	Keystone Jack, RJ45, Cat5e, Unshielded,180°, Blue

## Cat3 Unshielded Keystone Jack

### Features

- Meet and exceed ANSI/TIA-568.2-D requirements.
- Termination cover provides excellent strain relief, helps control cable bend radius and securely fixes wires.

### Ordering Information

Part Number	Description
KS30-111-2WH	Keystone Jack, RJ11, Cat3, Unshielded,90°, White

## 86 Style Faceplate

### Features

- Panel cover disassembly is convenient, without tools, convenient maintenance.
- High grade PC material, flame retardant, UV94 V-0 rated.
- Plane and angled types are optional.
- Provide 1 to 4 ports for plane type, each port with dust cover.
- Provide 1 to 2 ports for angled type.

### Ordering Information

Part Number	Description
WF11-121-WH	Faceplate, Plane, Single-port, White
WF11-221-WH	Faceplate, Plane, Dual-port, White
WF11-421-WH	Faceplate, Plane, Four-port, White
WF12-121-WH	Faceplate, Angled, Single-port, White
WF12-221-WH	Faceplate, Angled, Dual-port, White

## RJ45 & RJ11 Crystal Plug

### Features

- Gold plating thickness is 50μ", ensuring excellent terminating performance.
- Meet and exceed ANSI/TIA-568.2-D requirements.
- Different colors can be customized.
- Shielded and unshielded are optional.

### Ordering Information

Part Number	Description
PG30-11	RJ11 Plug, Cat3, Unshielded
PG5E-11	RJ45 Plug, Cat5e, Unshielded
PG60-11	RJ45 Plug, Cat6, Unshielded
PG6A-11	RJ45 Plug, Cat6A, Unshielded
PG5E-21	RJ45 Plug, Cat5e, Shielded
PG60-21	RJ45 Plug, Cat6, Shielded
PG6A-21	RJ45 Plug, Cat6A, Shielded

# Recommended configuration for typical Copper Cabling system solutions

## Recommended configuration of Cat6A S/FTP cabling systems:

Part Number	Description
CC6A-521-110R	Cable, Cat6A, S/FTP, 23AWG, LSZH, Orange, 305m
CP00-211-1E	Patch Panel, Modular, Shielded, 1HU 24-port, without keystones
KS6A-221-1MT	Keystone Jack, RJ45, Cat6A, Zinc Alloy Shielded,180°, Toolless, MT
CJ6A-924-13GY	Patch Cord, Cat6A, RJ45-RJ45, S/FTP, LSZH, Grey,3m

## Recommended configuration of Cat6A UTP cabling systems:

Part Number	Description
CC6A-121-110R	Cable, Cat6A, UTP, 23AWG, LSZH, Orange, 305m
CP00-111-1E	Patch Panel, Modular, Unshielded, 1HU 24-port, without keystones
KS6A-111-1BL	Keystone Jack, RJ45, Cat6A, Unshielded,180°, Blue
CJ6A-124-13GY	Patch Cord, Cat6A, RJ45-RJ45, UTP, PVC CM, Grey,3m

## Recommended configuration of Cat6 F/UTP cabling systems:

Part Number	Description
CC60-221-110R	Cable, Cat6, F/UTP, 23AWG, LSZH, Orange, 305m
CP00-211-1E	Patch Panel, Modular, Shielded, 1HU 24-port, without keystones
KS60-221-1MT	Keystone Jack, RJ45, Cat6, Zinc Alloy Shielded,180°, Toolless, MT
CJ60-224-13GY	Patch Cord, Cat6, RJ45-RJ45, FTP, LSZH, Grey,3m

## Recommended configuration of Cat6 UTP cabling systems:

Part Number	Description
CC60-121-110R	Cable, Cat6, UTP, 23AWG, LSZH, Orange, 305m
CP00-111-1E	Patch Panel, Modular, Unshielded, 1HU 24-port, without keystones
KS60-111-1BL	Keystone Jack, RJ45, Cat6, Unshielded,180°, Blue
CJ60-124-13GY	Patch Cord, Cat6, RJ45-RJ45, UTP, PVC CM, Grey,3m

## Recommended configuration of Cat5e F/UTP cabling systems:

Part Number	Description
CC5E-221-110R	Cable, Cat5e, F/UTP, 23AWG, LSZH, Orange, 305m
CP00-111-1E	Patch Panel, Modular, Shielded, 1HU 24-port, without keystones
KS5E-221-1MT	Keystone Jack, RJ45, Cat5e, Zinc Alloy Shielded,180°, Toolless, MT
CJ5E-224-13GY	Patch Cord, Cat5e, RJ45-RJ45, FTP, LSZH, Grey,3m

## Recommended configuration of Cat5e UTP cabling systems:

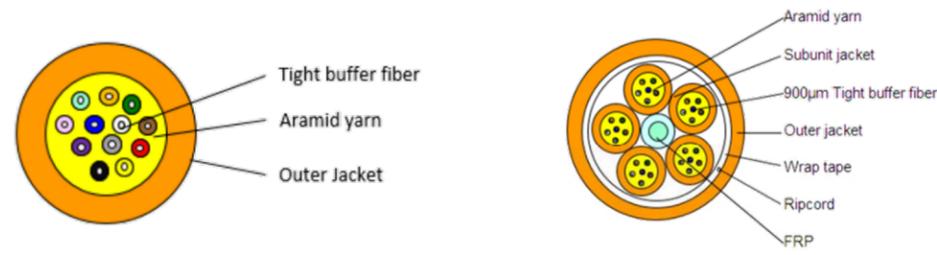

Part Number	Description
CC5E-121-110R	Cable, Cat5e, UTP, 23AWG, LSZH, Orange,305m
CP00-111-1E	Patch Panel, Modular, Unshielded, 1HU 24-port, without keystones
KS5E-111-1BL	Keystone Jack, RJ45, Cat5e, Unshielded,180°, Blue
CJ5E-124-13GY	Patch Cord, Cat5e, RJ45-RJ45, UTP, PVC CM, Grey,3m

# Optic Fiber Cabling System Solution

- Optical fiber cabling system is mainly composed of several parts: Fiber Optic Cable, Fiber Optic Patch Panel, Fiber Optic Adapter, Fiber Optic Patch Cord/Pigtail, etc..
- PROSE can offer a full range of products to meet the needs of the market, from single mode to multi-mode, metal armored to non-metal armored, indoor and outdoor. The product solution is flexible and reliable which can meet different requirements of customers in different applications.
- PROSE offers clients structured cabling solutions that are both open and flexible. Standardized cables, connectors and modules are used throughout the system, making installation, maintenance and expansion of the system very flexible and convenient.
- The product quality and performance are excellent with authoritative 3rd party certification, far beyond the requirements of domestic and international standards which provide a solid foundation for signal transmission.

# Indoor Tight-buffered Distribution Fiber Optic Cable

## Technical Parameters

Fiber count	Cable diameter (mm)	Weight (kg/km)	Min bend radius installing (mm)	Min bend radius maintaining (mm)	Max Loading (N)	Crush (N/cm)
2	4.0	14	80	40	660	100
4	4.8	20	96	48	660	100
6	5.1	23	102	51	660	100
8	5.6	30.8	112	56	660	100
12	6.2	37	124	62	660	100
24	8.1	59.9	162	81	660	100
24(Stranded)	12.3	131	246	123	660	100

## Indoor Fiber Optic Trunk Cable

### Features

- Support fiber count ranging from 4 to 144 for high-density application.
- G652D, OM3, OM4 and OM5 fiber type are available for different requirements.
- Without a single splicing point in the entire trunk cable, each fiber connector is tested in factory for transmission and connectivity performance to ensure minimal insertion loss.
- PVC, OFNR, OFNP or LSZH rated outer sheath cables are available.

## Fiber Optic Patch Panel, High Density, 96F/1HU

### Features

- Drawer-type design, installation and maintenance can be more convenient and time-saving.
- A variety of cassettes and adapter panels are provided to meet various requirements.
- The front panel can be inverted to facilitate Cabling management.
- 1HU supports up to 96-core LC.
- With front cable management, saving space.
- Size: 482.6 × 255.9 × 1HU/2HU/3HU

### Ordering Information

Part Number	Description
FPH1-096-2	Fiber Optic Patch Panel, High Density, 96F, 1HU, without Cassette
FPH2-096-2	Fiber Optic Patch Panel, High Density, 192F, 2HU, without Cassette
FPH3-096-2	Fiber Optic Patch Panel, High Density, 288F, 3HU, without Cassette

## Fiber Optic Patch Panel, High Density, 144F/1HU

### Features

- Drawer-type design, installation and maintenance can be more convenient and time-saving.
- A variety of cassettes and adapter panels are provided to meet various requirements.
- The front panel is reversible to facilitate cable management.
- 1HU supports up to 96-core LC.
- With front cable management, saving space.
- Size: 482.6 × 384 × 1HU/2HU/4HU

### Ordering Information

Part Number	Description
FPH1-144-2	Fiber Optic Patch Panel, High Density, 144F, 1HU, without Cassette
FPH2-144-2	Fiber Optic Patch Panel, High Density, 288F, 2HU, without Cassette
FPH4-144-2	Fiber Optic Patch Panel, High Density, 576F, 4HU, without Cassette

## Cassette, for Patch Panel 96F/1HU

### Features

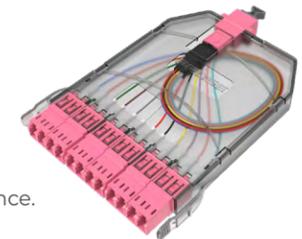

- 8F, 12F and 24F cassettes are optional.
- Polarity A, B, C and G are optional.
- High quality MTP/MPO connectors for stable performance and low loss.
- Clamp-type installation, making it easy to plug in and out, convenient to install and maintenance.

## Cassette, for Patch Panel 144F/1HU

### Features

- 8F and 12F cassettes are optional.
- Polarity A, B, C and G are optional.
- High quality MTP/MPO connectors for stable performance and low loss.
- Clamp-type installation, making it easy to plug in and out, convenient to install and maintenance.

### Ordering Information

# Fiber Optic Patch Panel

## Features

- With front cable management, saving space for customer.
- Flexible cable entry, side or back way is optional.
- The front cover can be flexibly removed, making the appearance neat and generous.
- The 1HU fiber optic patch panel is compatible with various optical fiber adapters such as LC, SC, ST, etc.
- It has enough space to ensure the winding, fixing and connecting of fiber optic cable, with manager and fixed accessories.

Fiber Optic Patch Panel, Fixed Splice  
Size: 482.6 × 325 × 44.5mm

Fiber Optic Patch Panel, Sliding Splice

# Hybrid Patch Panel

## Features

- Hybrid type panel is suitable for both fiber and copper solutions.
- Support both trunk cable and splicing solution for fiber applications.
- Every kind of PROSE keystones and fiber adapters can be installed into modules.
- Maximum of three modules can be installed into one 1HU patch panel, up to 72 fibers with LC connector or 24 copper connections.

## Ordering Information

Part Number	Description
Patch Panel	
HPP1-1E	Hybrid Modular Patch Panel, 1HU, empty
Accessories Information	
Copper Modules	
HPMC-E2	RJ type copper module plate without RJ45 module for hybrid panel
HPMC-08EU	8 port C5e module with 8Pcs UTP keystone jack for hybrid panel
HPMC-086U	8 port C6 module with 8Pcs UTP keystone jack for hybrid panel
HPMC-08AU	8 port C6A module with 8Pcs UTP keystone jack for hybrid panel
Fiber Optic Modules	
HPMF-24SM	24F LC 9/125u SM module with 12Pcs adapter for hybrid panel
HPMF-24M3	24F LC 50/125u OM3 module with 12Pcs adapter for hybrid panel
HPMF-12SM	12F LC 9/125u G652D module with 6Pcs adapter for hybrid panel
HPMF-12M3	12F LC 50/125u OM3 module with 6Pcs adapter for hybrid panel
Fiber Optic Module Plates	
HPMF-E1	LC type fiber module plate without LC adapter for hybrid panel

# Fiber Optic Patch Cord / Pigtail

## Features

- Provide single-mode, multi-mode OM2, multi-mode OM3, multi-mode OM4 and other fiber types.
- All kinds of outer sheath materials are available: PVC, LSZH, OFNR, OFNP, etc.
- Meet standards ISO/IEC 11801, ANSI/TIA 568.3-D.
- Each product is 100% tested before delivery, and the test report is included in delivery.
- The typical attenuation value can reach 0.10dB.
- Individually packaged with uniquely identifiable serial number label for traceability.
- Length can be customized.

FAM4-2LC	Adapter, LC Duplex, OM4

# Intelligent Cabling System

- PROSE Intelligent cabling system (ICS) serves as a centralized management for network cabling, facilitating efficient cable organization and management, and enables real-time monitoring of cable connections, enhancing network visibility and simplifying troubleshooting processes.
- PROSE ICS empower administrators to remotely manage and configure cable connections and widely employed in data centers, enterprises and various environments that demand sophisticated network infrastructure management.
- PROSE ICS supports asset management, including all cabling products such as patch panels and cabinets, and IT equipment such as switches and servers.
- PROSE self-defined communication protocol enable the communication distance up to 1 KM and high- speed detecting of large amounts of ports within 2 sec.
- ICS monitoring links do not occupy ports on the production network to reduce switch port occupation. Out-of-band management improves network security.
- PROSE ICS is mainly composed of several parts: Master Unit, Extension Unit, Copper Inter/ Cross Scanner, Fiber Inter/Cross Scanner, Copper and Fiber Intelligent Patch Cord, etc.

# ICS Master Unit

## Features

- Can connect 24 groups of expansion units, using ordinary 8-core twisted pair cable connection (RJ45 interface).
- Can collect the port information of each expansion unit and its subordinate scanning unit.
- Can analyze and process the information of each port of the distribution frame system in real time, including equipment status, jumper connection status, etc.
- Provide standard Ethernet network interface, using standard network cables, better stability and durability.

## Ordering Information

Part Number	Description
NMU-G4-01	Master Unit, PROSE-IV series, with IPC

# ICS Extension Unit

## Features

- Up to 24 electronic distribution frames can be connected and managed.
- The information, working status and physical address of each port of the distribution frame can be collected.
- The information of each port can be analyzed and uploaded to the management software in real time.
- Provide standard Ethernet network interface.
- Ordinary 8-core twisted pair cable connection (RJ45 port), no special cable.

## Ordering Information

Part Number	Description
NEU-G4-01	Extension Unit, PROSE-IV series, for Inter-connect and Cross-connect

# ICS Copper Scanner Patch Panel

## Features

- Support 24 replaceable RJ45 module ports at the height of 1U;
- Support Cat5, Cat5e, Cat6 and other shielded or non-shielded wiring system;
- The use of ordinary 8-pin standard RJ45 structure plus two copper needle structure;
- The rear with cable rack, convenient cable management;
- Each RJ45 port above the LED indicator light, used to guide the jumper;
- Support T568A and T568B connection mode.

## Ordering Information

Part Number	Description
NCP60-111-113	Copper Scanner Patch Panel, Cat6, Unshielded, 1U 24P, 24 module, for Inter-connection
NCP60-111-114	Copper Scanner Patch Panel, Cat6, Unshielded, 1U 24P, 24 module, for Cross-connection
NCP6A-111-113	Copper Scanner Patch Panel, Cat6A, Unshielded, 1U 24P, 24 module, for Inter-connection
NCP6A-111-114	Copper Scanner Patch Panel, Cat6A, Unshielded, 1U 24P, 24 module, for Cross-connection

# ICS Fiber Scanner Patch Panel

## Features

- Support 24pcs replaceable fiber adapter at the height of 1U;
- Support single-mode or multi-mode fiber adapter;
- Standard optical fiber connector structure plus two copper needle structure;
- The removable top cover facilitates routine maintenance;
- Each port has an LED indicator to guide the connection and disconnection.

## Ordering Information

Part Number	Description
NFP11-241-LCGD13	Fiber Scanner Patch Panel, Fixed, 1U 24P, with SM LCD Adapter & Pigtail, for Inter-connection, full load
NFP11-241-LCM313	Fiber Scanner Patch Panel, Fixed, 1U 24P, with OM3 LCD Adapter & Pigtail, for Inter-connection, full load
NFP11-241-LCGD14	Fiber Scanner Patch Panel, Fixed, 1U 24P, with SM LCD Adapter & Pigtail, for Cross-connection, full load
NFP11-241-LCM314	Fiber Scanner Patch Panel, Fixed, 1U 24P, with OM3 LCD Adapter & Pigtail, for Cross-connection, full load

# ICS Intelligent Copper Patch Cord

## Features

- Ordinary 8-pin standard RJ45 structure plus two Copper needle structure;
- Support Cat5e, Cat6, Cat6A and shielded or unshielded jumpers;
- Support any Cat5e, Cat6, Cat6A and shielded or unshielded RJ45 module.

## Ordering Information

Part Number	Description
NCJ60-114-1HGY3	Copper Patch Cord, Inter-connection, Cat6, UTP,24AWG, PVC, Grey, 0.5m
NCJ60-114-11GY3	Copper Patch Cord, Inter-connection, Cat6, UTP,24AWG, PVC, Grey, 1m
NCJ60-114-12GY3	Copper Patch Cord, Inter-connection, Cat6, UTP,24AWG, PVC, Grey, 2m
NCJ60-115-1HGY4	Copper Patch Cord, Cross-connection, Cat6, UTP,24AWG, PVC, Grey, 0.5m
NCJ60-115-11GY4	Copper Patch Cord, Cross-connection, Cat6, UTP,24AWG, PVC, Grey, 1m
NCJ60-115-12GY4	Copper Patch Cord, Cross-connection, Cat6, UTP,24AWG, PVC, Grey, 2m

# ICS Intelligent Fiber Patch Cord

## Features

- Standard fiber optic connector structure and two copper needle;
- Support single-mode and multi-mode, length can be customized;
- Support LC duplex adapter and SC simplex adapter.

## Ordering Information

Part Number	Description
NFJ-GD02LCLC623-0010	Fiber Patch cord, Duplex, LC-LC, SM G652D, LSZH, for inter-connection, 1m
NFJ-M302LCLC623-0010	Fiber Patch cord, Duplex, LC-LC, MM OM3, LSZH, for inter-connection, 1m
NFJ-M402LCLC623-0010	Fiber Patch cord, Duplex, LC-LC, MM OM4, LSZH, for inter-connection, 1m
NFJ-GD02LCLC624-0010	Fiber Patch cord, Duplex, LC-LC, SM G652D, LSZH, for cross-connection, 1m
NFJ-M302LCLC624-0010	Fiber Patch cord, Duplex, LC-LC, MM OM3, LSZH, for cross-connection, 1m
NFJ-M402LCLC624-0010	Fiber Patch cord, Duplex, LC-LC, MM OM4, LSZH, for cross-connection, 1m

# ICS Software

## Features

- Port Detection and Management:
  - Capable of connecting and managing up to 13824 points, with rapid 2-second detection of the status of any port.
  - Real-time monitoring and fast fault diagnosis capabilities, providing accurate fault localization and swift response.
- Proprietary Intellectual Property and Patent Innovations:
  - Possessing unique technological advantages and differentiated features, ensuring outstanding performance and stability.
  - Providing reliable solutions to meet customized customer requirements, enhancing competitiveness.
- Three-layer Architecture Design:
  - Structure comprising a host, extension unit, and scanning unit, supporting flexible expansion and upgrade options.
  - Each host can expand up to 24 extension units, and each management unit can further expand up to 24 scanning units, catering to different scales and user needs.
- Multiple Patch Panel Units:
  - Including inter-connection copper patch panels, cross-connection copper patch panels, 48-core fiber patch panels, and 96-core fiber patch panels, meeting diverse media connectivity needs.
  - Flexible and adjustable patch panel unit design, facilitating quick configuration and management.
- 5.High Level of Intelligence:
  - Remote configuration, monitoring, and management support, enabling batch patching, fault localization, and remote control for improved efficiency.
  - Intelligent recognition and batch patching functions, simplifying maintenance operations and reducing human errors.

## Ordering Information

Part Number	Description
ICS2-002-01	ICS2-002-01 ICS software of cabling management system (1-2000 ports)
ICS2-002-02	ICS2-002-02 ICS software of cabling management system (2001-5000 ports)
ICS2-002-03	ICS2-002-03 ICS software of cabling management system (over 5001 ports)

# Cabinet & Cable Management Panel & PDU

- PROSE can also provide supporting accessory systems such as Wall-mounted Cabinet, Cabinet, PDU, Cable Management Panel, etc.
- Server Cabinet and Network Cabinet are optional. Mechanical locks and intelligent locks can be configured flexibly to meet the needs of different applications. Its static loading capacity can meet the requirements of 2000kg, seismic test can reach the highest level of rated 8-9 with test report and certificates of the authoritative 3rd party.
- PDU includes standard PDU, intelligent PDU, and monitoring intelligent PDU to meet different requirements of customers.

## Wall-mounted Cabinet

### Profile/Outline

Wall-mounted cabinets are designed to save floor space while providing an economical way to protect network equipment from dust, unauthorized tampering, and other potential hazards. They feature excellent cable management capabilities, easy access from the rear, and come with fully adjustable mounting rail systems suitable for a variety of applications. Depending on the specific usage scenario, PROSE offers split-type wall-mounted cabinets with a weight capacity of 80kg to meet customers' varying needs in terms of cost, space utilization, and portability.

Wall-mounted cabinet (Glass door)

Wall-mounted cabinet (Mesh door)

## Cable Management Panel

### Features

- PROSE cable management panels are standard 19" rack-mounted, used for managing the patch cords.
- Material: Metal and plastic are optional.
- Height: 1U and 2U are optional.

Standard Type

110-type, plastic

### Ordering Information

Part Number	Description
CM10-111-1U	Cable Management Panel, 1HU, Metal, Black
CM20-231-1U	Cable Management Panel, 1HU, Plastic, for 110 Voice Patch Panel
CM10-211-1U	Cable Management, 1U, ABS, Black

## Raised Floor

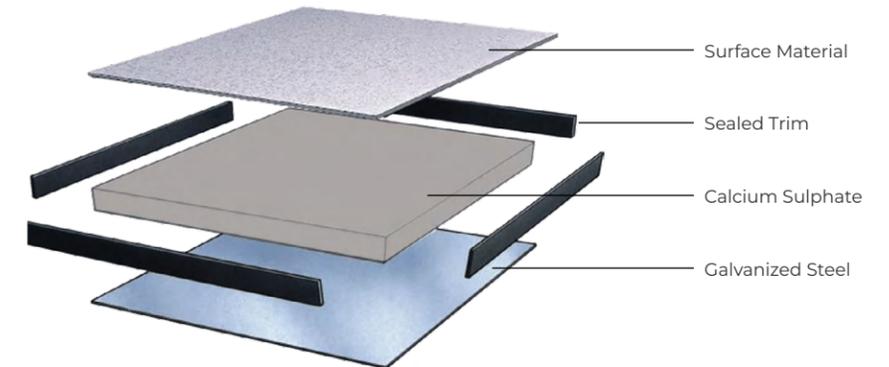

### Features

- High Density Calcium sulphate core encapsulated with high-quality galvanized steel, panel surface can be laminated with HPL/ conductive PVC, bottom with high-quality galvanized steel, four sides with ABS sealing.

### Product Property

Panel weight: 10-22kgs/pc  
 Panel thickness: 25-40mm  
 EN12825 dimension tolerance: 1  
 EN13501: Class A1  
 EN1366-6 Fire rating: 2 hours  
 ASTM E492-09: IICSS  
 ASTM E283-04 25Pa: ≤0.3L/S-m2  
 NIOSH9002: Asbestos-free  
 QBIT 2591-2003: Antibacterial  
 LEED assessment report available

### Ordering Information

Part Number	Description
RFR-CAF-800	Raised Floor, Calcium sulphate, 500x500/600x600/610x610, Concent rated ≥3600N
RFR-CAF-1000	Raised Floor, Calcium sulphate, 500x500/600x600/610x610, Concent rated ≥4500N
RFR-CAF-1250	Raised Floor, Calcium sulphate, 500x500/600x600/610x610, Concent rated ≥5600N

# Buried Cable Marker Ball

**Profile/Outline**

PROSE Marker Ball electronic identifier uses low-frequency RFID identification technology, which is dormant when it is not working, and relies on external devices to provide energy to wake up when it is working. The identifier has a unique ID code as the identity of the buried underground facility. Accurately locate, find, identify and manage underground facilities, and help establish digital information data for underground facilities. The digital management of underground asset facilities is realized by means of underground electronic identification and software system.

Marker Ball for Fiber Cable, 92.0kHz

Marker Ball for Communication Cable, 101.4kHz

**Ordering Information**

Item	Parameter
Frequency	92.0kHz / 101.4kHz
Diameter	110mm
Weight	400g
Maximum detection depth	1.5m
Recommended Bury depth	≤1.2m
ID Read depth	1.3m
Operating temperature	-25°C~55°C
Ingress Protection level	IP68

**Ordering Information**

Part Number	Description
DWMB-ED-1500-FC9200	Marker ball for Buried Optic Fiber Cable, 92.9 kHz
DWMB-ED-1500-CC1014	Marker ball for Buried Communication Cable, 101.4 kHz

# PROSE Service

PROSE offers professional services that improve network design, reliability, scalability and efficiency.

Our service core competences include:

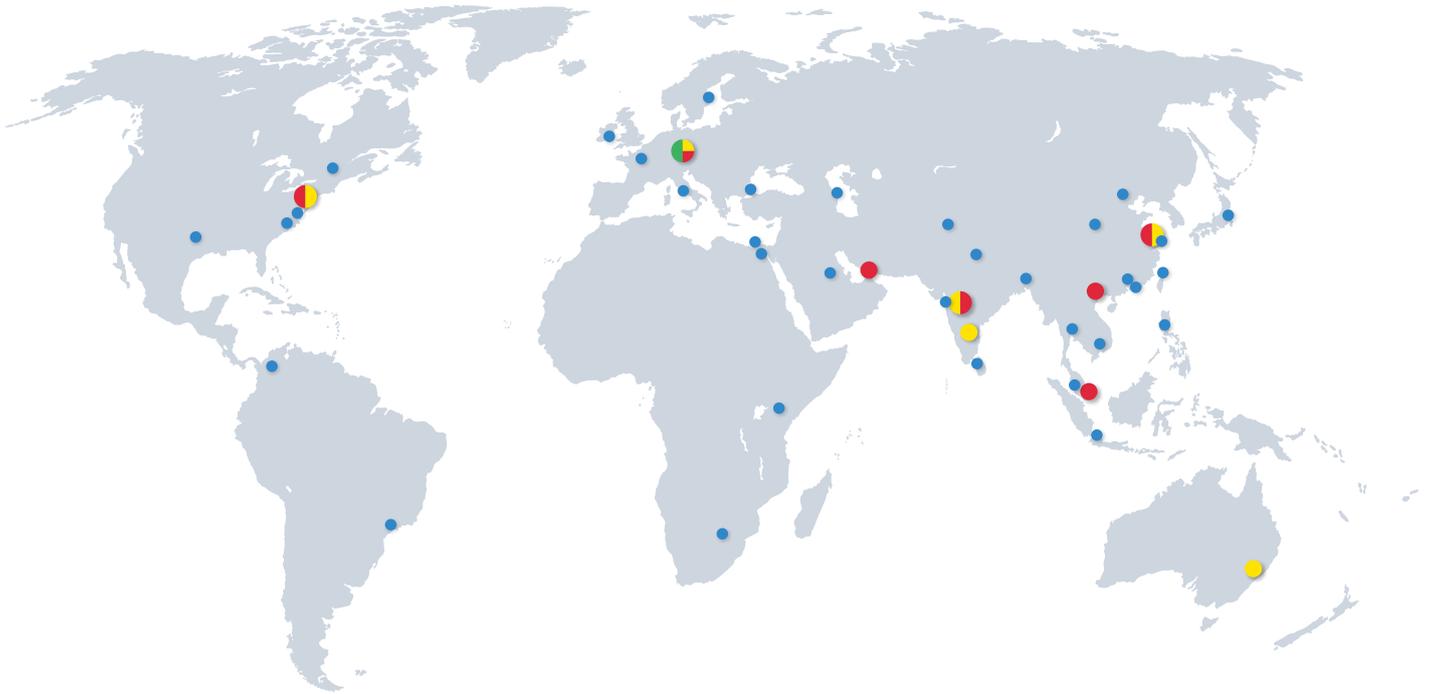

- Network optimization
- Technical consultation
- Customized product design
- Installation & commissioning
- Onsite training & supervision
- System troubleshooting
- After-sales services

In addition, we also offer professional training, technical support and workshops for distributors and agents. We are committed to offering exceptional services for our customers.

PROSE is much more than just a supplier – PROSE is a valued development partner and we will strive to meet new challenges in order to scale to new heights.
